BA in Anthropology

ACCOLADES

"Tim has been a great collaborative part of our team. Over the years, he has created and developed media for our online courses and established style guides for various online programs. He is one of our preferred contractors."

Noël Lyons

Educational Management Corporation

"Tim is easily one of the most gifted and dedicated artists that I have had the pleasure to work with. He is exceptionally talented in design and his illustration skills are truly unmatched. Tim is a very personable artist and easy to get along with, making him a true asset to any creative team."

Thomas Wicker

The Granite Companies

"Tim has an outstanding and unparalleled work ethic. I have personally witnessed his response as a calming influence to the typical "crisis" ... found in most marketing and graphic art departments. His artistic eye, attention to detail, and "feel" for layout has produced many good pieces in his personal and professional portfolio.

Robert Thomas

The Granite Companies
